**PRESENT BY**

Mr. Norawid Khao-Ubon

**DATE**

18 July 2020

# The Impact of Covid-19 Pandemic

- People who have a job that need to meet people randomly have to suspended from job during Covid-19 Pandemic situation.
- Every Business (Industry Company , Marketing Office) got trouble because government announced to lockdown.
- Many people lost their job.
- Example : people who has a job in restaurant get fired out of job will not get money after that and these people will not have money to care them self.
- Marketing & Stock Market **take a nosedive** from their main position because every business has been closed.

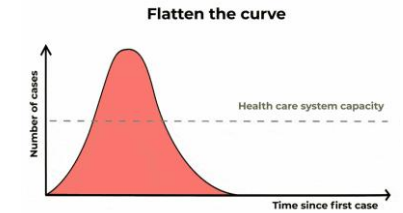

# The Impact of Covid-19 Pandemic

- Before Covid-19 Pandemic Situation Thailand People have Culture is Every Family have to eat dinner together in the same pot and share to other people.
- After Covid-19 Pandemic Situation Thai People have to change their life style Entirely from the past to beware about Covid-19.

# Thailand under abnormal situation

## COVID

- At first , People have to stay at home until Covid-19 Pandemic Situation get more better because virus will not expand if people not going on public place.

## ABNORMAL

- After cancel lockdown people need to follow every suggestion : how to live in public during Covid-19 Pandemic beware about Covid-19.
- Created new innovation to help People to live in this situation.
- Example: Wear mask, Individual restaurant

## VACCINE PRODUCTION

## NEW NORMAL

- Work from home.
- Wearing mask every time when going to public.
- Cashless ,E-Payment.
- Often Cleaning.

# Thailand under abnormal situation

---

- During Lockdown Situation , Many Company given order to all personnel working at home(Online working) Until Covid-19 Pandemic situation get more better and government cancel an lockdown But still have limit time to going on public and Everyone have to get back to the house before 10PM.

If anyone won't follow the rule will get arrested by Police Officer.
